### Continuous provision idea

Show your child the powerpoint for Valentines Day. Explain to them that this is a day when we show how much we love and appreciate things that people do for us.

### Continuous provision idea

You may wish to encourage your child to make their very own Valentines Day card. Encourage them to think about who family member in their household they are giving this card to. You could do this by giving them some paper/card, pencils/crayons, glue/selotape and tell them to design their card their own way.

### Physical Development

Provide your child with a table cloth/tea towel or a large piece of material. If your child has a dragon teddy then use this OR use a teddy bear and place it in the middle of the cloth. Encourage ALL household members to hold onto the end of the material with the teddy in the middle. Tell your child that they are going to be doing a dragon dance. You would explain to your child that they are going to make the 'dragon' dance even if it is not a dragon. A family member would say 'Make the dragon dance fast, high, slow, low', e.t.c.

### Continuous provision idea

Provide your child with a piece of paper and pens/pencils/crayons. If at home you have a mirror, encourage them to look at themselves in it and then draw a self-portrait.

### PSHE activity

Following on from PE lesson yesterday, explain to your child that they are keeping fit by exercising. Explain that as well as keeping fit, we have to look after ourselves by eating and drinking healthy food and drinks. Provide your child with the healthy robot and the unhealthy robot. You may wish to draw them. Encourage your child to look at the pictures of food provided and tell you or place the food onto the correct robot whether it is healthy or unhealthy. Draw a large circle on a piece of paper and encourage your child to draw a healthy food plate.

You may wish to make a lucky envelope with your child. Provide your child with paper and encourage them to colour this in red. Once they have made their lucky envelope, they may wish to draw a picture inside or put in a coin to represent 'Good luck'.

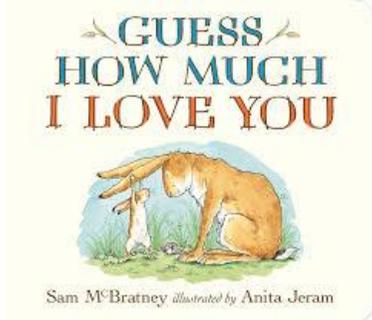

### Continuous provision idea

You may wish to research different types of Chinese food with your child. They may find that they have already tasted some of this.

You may wish to make a Chinese paper dragon with your child. Cut up some strips of paper and encourage your child to colour these strips in red. Once they have done this encourage them to help you to fold and stick each strip together into a round shape so that it looks like a paper chain. You may wish to cut out a piece of paper for your child into a circle shape and encourage them to design their own dragon face.
