

The Federation of St. Cuthbert's and St Sebastian's:

Principals informing our Behaviour Policy

Our School Mission Statement:

Our schools aim to be a community which reflects real gospel values of love and forgiveness – a community which each individual, child and adult, can work and develop in an atmosphere of mutual respect and understanding.

It is this strong emphasis on mutual respect and understanding which underpins the principals and values held by all within our school community and indeed drives our Behaviour Policy.

All procedures outlined reflect the objectives in clear and concise terms, so that all children may respond positively to our high standards of behaviour and discipline and will be consistently encouraged to do so by all adults within our school.

Our school is a happy, welcoming, vibrant community whereby we value each other and we value the work and efforts we pursue for the benefit of each other. Our Behavior Policy reflects this caring, nurturing, extremely positive ethos whilst recognizing the importance of consistency in the maintaining of procedures and systems for the good and benefit of all.

Safeguarding our children will always be our priority. As such, the Behaviour Policy and Child Protection Policy are linked totally and coexist with each other, supporting the safety of all our pupils.

Through our Behaviour Policy, we envisage that every child is always encouraged to reach his/her potential, and to fulfill our school Motto:

**In love with Christ:
Be the best I can.
Be kind to one another.
Amen**
