Gospel Value Awards

At Cuthbert's, we focus each week on a Gospel Value which are fundamental values for our school and guide us in our Christian lives. These Gospel Values are based on what Jesus said, did and told us to do. They are at the root of Catholic social teaching and so, are at the heart of our school and everything we do. These values are shared with children through our Celebration of the Word and are reinforced through our teaching. By demonstrating and recognising these values in our daily lives, we can fulfil our school mission statement, 'as missionaries of our faith.'

Let Us Celebrate...

- Sports Day was a fantastic event which our children thoroughly enjoyed. The build-up was fantastic with the children discussing their event preferences and predicting the outcome of both races and challenges. A special thank you to Miss McCarten who worked really hard to co-ordinate the day alongside the LSC coaching staff and to our highly spirited families who spectated and participated within the day wonderfully.
- The Great Science Share for Schools has been a fantastic opportunity for our children to [ask-investigate-share](#). The campaign supports in developing children's curiosity, scientific questioning and wide range of skills associated with working scientifically. Mrs McLain organised the week perfectly – thank you!
- This week we have celebrated National Thank a Teacher Day. It was a day to show our appreciation to our teachers and staff who work so hard to educate and nurture our children. Our staff were celebrated for their passion, commitment and kindness. They make such a positive imprint on the lives of our children who in turn absolutely adore them. Our children believe that anything is possible because we believe in them!
- Drowning Prevention Week is a campaign with the aim of educating children about water safety. It is deliberately timed ahead of the summer holidays when vital water safety skills can help keep children safe. Activities accessed, resources shared and conversations have been critical in raising awareness and encouraging our children to enjoy water safely. Accidental drownings are preventable.
